FURTHER SUCCESSES GAINED BY BRITISH FORCES

GERMANS THROW MORE BLAZING BOMBS ON CITY OF BUCHAREST

Allies Generally Victorious, Forcing Their Way in a Triangular Shape Into West Front Held by Germans.

(By Associated Press.) LONDON (official), Sept. 28.—The British last night advanced at various points on the Somme front between Marfinpuich and Guedencourt.

(By Associated Press.) BERLIN (official), Sept. 28.—The Germans victoriously repulsed the Anglo-French in the greater part of the battle front between Anere Brook and the River Somme.

(By Associated Press.) BERLIN (official), Sept. 28.—German aviators yesterday again dropped many bombs on Bucharest. Several points in the city are still burning as the result of the previous attack.

DRIVING WEDGE INTO GERMAN LINE

(By Associated Press.)

The battle-line from the Anere river to the Somme is rapidly being transformed by the entente allies into an irregular triangular wedge in the German line, with the bases in front of Thierval and west of Peronne and the point projecting across the Bethune road and into the St. Pierre Vaast wood.

The British in Wednesday's fighting gained further successes, and likewise the French drove their troops forward and entered the St. Pierre Vaast wood. From Bouchavesnes to the southern edge of the Bois l'Abbe farm the French were compelled to face a violent attack, which was beaten off, the Germans being thrown back in disorder, according to Paris. British gains included German trenches on a front of 2000 yards north of Piers and a strong redoubt on a hill 2000 yards east of Thierval. Across the Anere successful raids were carried out by the British opposite Beaumont-Hamel.

There is little news from the Russian and Austro-German war offices. Petrograd asserts that there is nothing important to report. Berlin, however, records the repulse of a Russian attack in Galicia, near Ludova, with heavy casualties.

On the Rumanian front Berlin reports progress near Hermannstadt, while Bucharest chronicles the defeat of Austro-Germans in the Jiu valley and their hasty retreat north and northwest.

According to the Bulgarian war office, the Bulgarians have forced back the troops of the entente allies over the whole front in Macedonia. Paris, however, says three violent Bulgarian attacks on Kaimakalan height were repulsed.

Artillery duels continue along most of the Austro-Italian fronts. In Asiatic Turkey, Petrograd claims successes for the Russians along the Black sea in Armenia near Giumohian and on the Persian front in the vicinity of Hamadan.

What is to be the final attitude of Greece in the war is still uncertain. The latest official report from Athens, however, is that the Greek government, in agreement with King Constantine, has decided on military co-operation with the entente powers.

Repulse Germans

(By Associated Press.)

PARIS (official), Sept. 28.—A strong German attack on the Verdun front between Thiamont and Fleury was repulsed with heavy German losses. On the Somme front the French artillery is actively bombarding the German positions.

Counter Attack

(By Associated Press.)

PARIS, Sept. 28.—A strong German counter attack on the new French positions from Bouchavesnes to south of the Bois l'Abbe farm was repulsed with heavy losses, according to the official statement issued by the war office. The French extended their positions east and southeast of Ran-court and penetrated St. Pierre Vaast wood.

Bulgarians Lose

(By Associated Press.)

PARIS (official), Sept. 29.—The Bulgarian forces made two attacks near the Florina western end of the Macedonian front. Both were repulsed with heavy losses by the French and Russians.

Preparations

(By Associated Press.)

PARIS, Sept. 28.—It does not seem probable that another winter campaign is avoidable, says La Liberte. Joseph Thierry, under secretary of state for subsistence in the war department, the newspaper adds, has made all necessary arrangements for supplying the troops, and garments, blankets and other essentials for winter warfare have been going to

BULLETIN ISSUED ON BATTLE OF THE SOMME

(By Associated Press.) PARIS, Sept. 28.—A semi-official account of the battle of the Somme from its beginning (July 21) appearing in the Bulletin des Armees, says that the French have conquered 150 square kilometers (about 70 square miles) of territory, captured 3000 unwounded prisoners, removed 45,063 wounded and taken 144 cannon, most of them of heavy caliber, 500 machine guns and other material.

It is pointed out that the entente allies have broken the spirit of the Germans at Verdun, definitely deprived the enemy of an initiative and turned it their own favor. Since the opening of the battle, the account says, the Germans have thrown into the battle 67 new divisions and 17 battalions, of which 34 divisions were on the English front and 33 divisions with the 17 battalions were on the French front.

IMPERIAL CHANCELLOR ADDRESSES REICHSTAG

(By Associated Press.)

The recalled German ambassador said he left Rome after the Italian declaration against Austria-Hungary and Germany was announced.

FALL OF COMBLES TOLD IN DETAIL

(By Associated Press.)

PARIS, Sept. 28.—"It was not a village the allies assaulted, it was a fortress," says La Liberte's special correspondent at the front in describing the taking of Combles. "When it was captured," the correspondent adds, "it was a charnel house. What remained of the garrison of two battalions fought furiously and every corner of the town was the theater for murderous combats. No ground was yielded. It was every inch of it conquered."

"The ruins of a church changed hands three times during the 20 minutes it took the French and British to reduce the last stronghold, after they had formed a junction and closed a ring around the town, the fall of which was saluted with enthusiastic cheering by the troops. It was then impossible to take two steps without encountering dead."

"In cellars and dugouts dead and wounded lay mingled by the hundreds and it is now certain that the allies did not take a great number of prisoners because the garrison was virtually annihilated in the assault and the previous shelling."

"Many of the deaths seemed to date back a few days."

FEWER WORKERS STRIKE THAN LABOR LEADERS ANTICIPATED

CONSTANTINE RECEIVES EXHAUSTIVE REPORT

(By Associated Press.)

ATHENS (via London), Sept. 28.—King Constantine received this morning an exhaustive report from Gen. Moschopoulos, chief of the general staff, detailing the chaos in the military organization of the country caused by the departure of so many officers to join the Anglo-French allies and advising the immediate declaration of war by Greece, without awaiting either the assistance or insistence of the entente powers, as the only way to save the situation.

Premier Kalogeropoulos, on departing from a conference with the king this morning, made this declaration to the Associated Press.

"The cabinet can only await the receipt of the entente's demand. It would be futile to rearrange the constitution of the ministry without knowing that such alteration would prove satisfactory. We are prepared, as we have always been, to meet any desires of the entente in the most cordial spirit of co-operation, but we can scarcely be expected to abide by the entente's wishes."

SALE OF THE DANISH INDIES CONSIDERED

(By Associated Press.)

COPENHAGEN (via London), Sept. 28.—After a joint committee of both houses of parliament had conferred from early morning until night on the political situation, including the sale of the Danish West Indies to the United States, the committee met the cabinet and it was settled that the radical cabinet had been increased by three members without portfolio, representing the three other parties—Conservative, Socialist and Left—and that the sale of the islands should be settled by the Rigsdag and by a plebiscite, after a preliminary committee had considered the matter for six weeks.

As soon as the committee had finished its work the Rigsdag will vote on the sale and afterward the plebiscite will be held, even though the Rigsdag vote is against the sale. It has finally been decided that there will be no general elections.

ORDERS FOR SCRIPT TICKETS ARE FORGED

(By Associated Press.)

LOS ANGELES, Sept. 28.—W. E. Carleton was arrested as a member of an alleged ring of six men, charged with defrauding the Southern Pacific company of over \$4000 by forging orders for "script" tickets due to publications for advertising. The police allege that Carleton learned of the condition of advertising accounts and obtained letterheads from firms entitled to transportation and forged orders for "script" tickets, which he sold at reduced price. Other warrants have been issued.

Fewer Acts of Violence Occurred Today in New York Than at Any Time Since the Inception of the Trouble.

(By Associated Press.)

NEW YORK, Sept. 28.—Union laborites appear to have met with little success in their renewed efforts to cause the promised general strike in aid of striking traction employees. Despite the claims of leaders that over 125,000 people have quit work, police officials said that if a strike is in progress there is little evidence. Service on the elevated and subway lines continued normal.

FEW ATTEMPTS AT VIOLENCE MADE

(By Associated Press.)

NEW YORK, Sept. 28.—Although labor leaders insisted last night that the general strike of trade unionists in greater New York city in aid of the carmen who quit their places September 6 eventually would involve at least a half million workers, there were no surface indication of a tie-up of the city's industries, as threatened, after announcement that the strike had begun.

While union leaders claimed that 125,000 workers in various trades already has joined the movement with twice as many more ready to "walk out" later, the police said they had received no reports to substantiate such estimates. The actual situation, it was said, was confused because of Jewish holidays, which are being celebrated here by more than 100,000 union workers.

Leaders of the Amalgamated Association of Street and Electric Railway Employees were encouraged last night, they asserted, over the possibility of the Brotherhood of Locomotive Engineers coming to their aid. Officials of that organization notified the public service commission during the day that Theodore P. Shonts, president of the Interborough Rapid Transit company, has refused to see them and discuss alleged grievances of motormen in the employ of the interborough who are members of that brotherhood. Mr. Shonts declared last night, however, that there were no differences between the motormen and the company.

Two hundred and five representatives of various unions, at a meeting today ratified the sympathetic strike order. It was announced, and agreed to call out the members of their organizations immediately. The grand jury returned indictments against 15 persons accused of violence during the car strike.

There were fewer attempts at violence today, according to the police, than for a week past.

PRESIDENT PLANS TO REPLY TO MR. HUGHES

(By Associated Press.)

LONG BRANCH, Sept. 28.—Arrangements by Wilson to assail the Republican stand on the leading issues of the campaign were completed at a conference today with Vance McCormick and Secretary Tumulty. Using his speech of acceptance as a foundation, the president is preparing to build up the Democratic case in a series of addresses on political subjects in the middle and latter part of October.

BELGIAN MINISTER TO FRANCE IS RECEIVED

(By Associated Press.)

PARIS, Sept. 28.—President Poincaré today received Baron De Galigny d'Hestroy, the newly appointed Belgian minister to France. After reviewing the history of the famous night session of the Belgian cabinet on August 2, 1914, presided over by King Albert, and recalling that Baron De Galigny, as director of the cabinet of the ministry of foreign affairs, prepared the note replying to the German ultimatum, the president said:

"If Belgium should not recover its full independence, if Belgium should not receive the reparation that is its due, an ineffable shame would soil the annals of Europe and nothing would be left for us but to veil in eternal mourning the statues of justice. Not a Frenchman, not one of our allies, could be found who would not prefer death to that ignominy. Violated rights shall be avenged. Each day our concerted efforts bring us nearer to victory and hasten the deliverance."
